ABOUT FITWELL

FitwellTM
elegant bath accessories

ISO 9001:2008 COMPANY

Why FITWELL ?

Quality, design, sustainability and technology : FITWELL'S four brand values that illustrate our commitment to creating exceptional experiences. Our designs and unparalleled quality ensure that every time you turn on a FITWELL faucet or step into a FITWELL shower, you can feel the difference.

Design

Industry-leading design is fundamental to the FITWELL brand. This, together with our consumercentric approach and unwavering commitment to quality, ensures our products function as beautifully as they look. FITWELL offers premium products in traditional, transitional and modern design styles to accommodate varying tastes and budgets.

Sustainability

FITWELL translates active eco-mindedness into comfort and convenience your conscience can live with. Economical water usage and resource-sustaining production are prevalent in each stage of our development and design process. In FITWELL factories, up to 99% of waste material is recycled, energy consumption is minimized and excess heat is reused. We use brass from our own foundry, allowing us to use recycled material internally.

Our packaging also reflects our ecological approach, making design adjustments to minimize packaging materials to significantly reduce carbon emissions. FITWELL encourages sustainable living through innovation. FITWELL Chilled & Sparking provides filtered, chilled, and sparkling water directly from your tap,

Beautiful Design Reliable Performance.
